

**Amendment to the Claims:**

The listing of claims will replace all prior versions, and listings of claims in the application:

**Listing of Claims:**

1. (currently amended) A multimedia content delivery system, comprising:  
a content provider having a plurality of multimedia files therein;  
a first integrated circuit card interface for receipt of a host integrated circuit card containing first authorization information;  
a second integrated circuit card interface for receipt of a user integrated circuit card containing second authorization information;  
an input device for selecting a multimedia file from the plurality of multimedia files;  
an output device for providing the content of a selected multimedia file;  
\_\_\_\_\_ a control unit, responsive to insertion into said second integrated circuit card interface of a user interface card containing second authorization information compatible with first authorization information contained in a host integrated circuit card inserted in said first integrated circuit card interface, for actuating said output device to provide the content of a multimedia file from the content provider selected by said input device under control of information contained in the first and second authorization information; and wherein the content is not provided from the integrated circuit cards.
